Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Sunday 18 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Generally dry and warm.

This Evening and Tonight:
A sunny evening, continuing to feel very warm for most areas. Low cloud will move into coastal areas overnight with patches of drizzle and fog around dawn. A very mild night. Minimum temperature 14 deg C (57 deg F).

Monday:
Dry with cloud clearing through the morning, any fog patches on the coast clearing slowly. Still warm with some sunny spells mainly during the afternoon, but cooler than yesterday. Maximum temperature 25 deg C (77 deg F).

Outlook for Tuesday to Thursday:
Variable amounts of cloud but with plenty of sunny spells through the period. Risk of an isolated afternoon shower. Temperatures very warm or hot inland, cooler towards the coast.
